

## **Book Vault News March 2023**

Greetings from the Book Vault,

The official start of spring, marked by the spring equinox when day and night are the same length, is March 20. We can look forward to longer days, winter birds returning, and the joy of seeing spring flowers poke through the soil.

While you are out and about enjoying the season, stop in and browse our great selection of books. Our bestsellers display is updated every Wednesday and our staff picks display dedicated is back so be sure to read the reviews provided for both bestsellers and staff picks – we hope you find your next great read!

In addition, many new merchandise items are arriving in the store. Check out our new line “salt sisters,” all natural salts and seasonings and let us know other items you would love to see us carry to enhance your cooking and home.

Watch our social media (Facebook and Instagram) to see what’s happening in the Book Vault world!

All the best,

Book Vault Team

The  
captivating,  
little-known  
true

story of a group of scientists and the methods and technology they developed to uncover the secrets of avian migration.

For the past century, scientists and naturalists have been steadily unravelling the secrets of bird migration.

Flight Paths is the never-before-told story of how a group of migration-obsessed scientists in the twentieth and twenty-first centuries engaged nearly every branch of science to understand bird migration—from where and when they take off to their flight paths and behaviors, their destinations and the challenges they encounter getting there.

The compelling and fascinating story of how scientists solved the great mystery of bird migration, Flight Paths is an unprecedented look into exciting, behind-the-scenes moments of groundbreaking discovery. While the world looks to tackle massive challenges involving conservation and climate, the story of migration research offers a beacon of hope that we can find solutions to difficult and complex problems.

This  
dazzling,  
subversive,  
and deeply  
hopeful

book offers us different ways to experience time—inspired by pre-industrial cultures, ecological cues, and geological timescales—that can bring within reach a more humane, responsive way of living.

As planet-bound animals, we live inside shortening and lengthening days alongside gardens growing, birds migrating, and cliffs eroding; the stretchy quality of waiting and desire; the way the present may suddenly feel marbled with childhood memory; the slow but sure procession of a pregnancy; the time it takes to heal from injuries. Odell urges us to become stewards of these different rhythms of life in which time is not reducible to standardized units and instead forms the very medium of possibility.

Saving Time tugs at the seams of reality as we know it—the way we experience time itself—and rearranges it, imagining a world not centered on work, the office clock, or the profit motive. If we can “save” time by imagining a life, identity, and source of meaning outside these things, time might also save us.

Calling  
all  
animal  
lovers!  
A  
heartwarming

memoir about one woman's career as a vet and the unique role pets play in our lives .

A tribute to our furry, feathery, scaly, and wet family members, *All Creatures Great and Small* meets *Being Mortal* in this compelling memoir of one woman's dream to become a veterinarian.

In *The Other Family Doctor*, Dr. Fine shares all the touching, joyful, heartbreaking, and life-affirming tales that make up her career as a vet.

- The feral cat who becomes a creature out of a fable when he puts his trust in a young vet to heal his injured paw
- The pot-bellied pig who grows too big to fit in the car but remains a cherished part of her family
- The surprising colony of perfectly behaved ferrets
- The beloved aging pet who gives her people the gift of accompanying them on one final family vacation
- The dog who saves his owner's life in a most unexpected way

Woven into Dr. Fine's story are, of course, also the stories of her own pets: the birds, cats, and dogs who

have taught her the most valuable lessons—how caring for the animals in our lives can teach us to better care for ourselves, especially when life seems precarious.

Sallie Kincaid is the daughter of the biggest man in a small town, the charismatic Duke Kincaid. Born at the turn of the 20th century into a life of comfort and privilege, Sallie remembers little about her mother who died in a violent argument with the Duke. By the time she is just eight years old, the Duke has remarried and had a son, Eddie. While Sallie is her father's daughter, sharp-witted and resourceful, Eddie is his mother's son, timid and cerebral. When Sallie tries to teach young Eddie to be more like their father, her daredevil coaching leads to an accident, and Sallie is cast out.

Nine years later, she returns, determined to reclaim her place in the family. That's a lot more complicated than Sallie expected, and she enters a world of conflict and lawlessness.

You will fall in love with Sallie Kincaid, a feisty and fearless, terrified and damaged young woman who refuses to be corralled. Scribner

Every summer for the past ten years, six awe-struck bakers have descended on the grounds of Grafton, the leafy and imposing Vermont estate that is not only the filming site for “Bake Week” but also the childhood home of the show's famous host, celebrated baker Betsy Martin.

The author of numerous bestselling cookbooks and hailed as “America's Grandmother,” Betsy Martin isn't as warm off-screen as on, though no one needs to know that but her. She has always demanded perfection, and gotten it with a smile, but this year something is off. As the baking competition commences, things begin to go awry. At first, it's merely sabotage—sugar replaced with salt, a burner turned to high—but when a body is discovered, everyone is a suspect.

A sharp and suspenseful thriller for mystery buffs and avid bakers alike, *The*

Darley, the eldest daughter in the well-connected old money Stockton family, followed her heart, trading her job and her inheritance for motherhood but giving up far too much in the process; Sasha, a middle-class New England girl, has married into the Brooklyn Heights family, and finds herself cast as the arriviste outsider; and Georgiana, the baby of the family, has fallen in love with someone she can't have, and must decide what kind of person she wants to be.

Rife with the indulgent pleasures of life among New York's one-percenters, *Pineapple Street* is a smart, escapist novel that sparkles with wit. Full of recognizable, loveable—if fallible—characters, it's about the peculiar unknowability of someone else's family, the miles between the haves and have-nots, and the insanity of first love—all

March 14, 2023

Clint Smith's vibrant and compelling new collection traverses the vast emotional terrain of fatherhood, and explores how becoming a parent has recalibrated his sense of the world.

Above Ground wrestles with how we hold wonder and despair in the same hands, how we carry intimate moments of joy and a collective sense of mourning in the same body. Smith's lyrical, narrative poems bring the reader on a journey not only through the early years of his children's lives, but through the changing world in which they are growing up—through the changing world of which we are all a part.

*Golden Spoon* is a brilliant puzzle filled with shocking twists and turns that will keep you reading late into the night until you turn the very last page of this incredible debut. Atria Books  
March 7, 2023

The United States, the richest country on earth, has more poverty than any other advanced democracy. Why?

In this landmark book, acclaimed sociologist Matthew Desmond draws on history, research, and original reporting to show how affluent Americans knowingly and unknowingly keep poor people poor.

Elegantly written and fiercely argued, this compassionate book gives us new ways of thinking about a morally urgent problem. It also helps us imagine solutions. Desmond builds a startlingly original and ambitious case for ending poverty. He calls on us all to become poverty abolitionists, engaged in a politics of collective belonging to usher in a new age of shared prosperity and, at last, true freedom.  
Crown

wrapped in a story that is a sheer delight.

Eila Das is used to following her head, rather than her heart. When she meets Rahul at Rosewood, a summer camp where campers are being scouted for the hit Bridgerton-like TV show, she experiences...feelings. Between the drama of the show and the drama of the camp, Eila will have to keep her wits about her to make it through the summer. But when she has to choose between her head and her heart, what will she do?
